Trails

Duncan Creek Trail  No Trail Pass Required
A five mile paved loop through Chippewa Falls ideal for biking and in-line skating. This trail connects to the Old Abe State Trail and the Riverview Reserve Trail, both northeast of County Highway I. Portions of this trail are shared with street traffic.

Riverview Reserve Trail  No Trail Pass Required
Paved and unpaved trails criss-cross through the Reserve and provide great viewing opportunities of the Xcel Energy Dam. This trail connects to Duncan Creek Trail and the Old Abe State Trail and is located east of Seymour Cray Blvd.

Old Abe State Trail  WI State Trail Pass Required
The Old Abe State Trail is a paved 20 mile trail connecting Lake Wissota State Park in Chippewa Falls to Brunet Island State Park in Cornell. This old railroad grade has been developed into a multi-use trail for bicyclists, snowmobilers, hikers, horseback riders and in-line skaters.

State trail passes are required for all individuals over 16, who are biking, horseback riding, cross-country skiing or in-line skating. Self registration passes are available at the trailheads in Cornell at the Millyard Park, and at the Lake Wissota trail head in Chippewa Falls. Passes are also available at the Chippewa Falls Visitor Center and at Spring Street Sports.

Tips for a Successful Ride

Wear a helmet.
At night, use a headlight, taillight, & reflectors.
Be considerate of other trail users.
Pets must be kept on a leash (8 ft max.).
Carry out all litter, including your pet’s waste.
No motor vehicles on the trail. (Exception: Snowmobiles Dec.-April).
Respect private property.
